Argos, Tiger-Cats Win Big 4 Games

Toronto Clinches Playoff Spot By Beating Ottawa, 30-7

TORONTO, Oct. 28. — (CP) — Toronto Argonauts blasted Rough Riders from the Big Four football playoffs and clinched a berth for themselves with a fourth-quarter explosion that gave the Argos a 30-7 victory here today.

Before a crowd of 20,012, Argos broke a close game wide open with three touchdowns in the last 18 minutes. Until then, they led 12-7 and Ottawa, with a 7-6 margin at one stage in the third quarter, had looked as if they might go ahead again any time.

TAKES PASSES FOR WIN

Marty Whaley, lanky Negro end, took the last-quarter touchdown passes—one for 18 yards and the other for 35. End Don Scott scored the third-quarter major when he took a 35-yard McKeel pass and tucked on another 18.

Ugurs Curtis, Argos shiny Negro halfback, plunged nine yards for a second-quarter touchdown that tied the score at 6-6 and came up with another of his brilliant runs for a 34-yard touch-down in the last quarter. Nick Volpe converted all five Argos major passes.

Joe Aquino scored Ottawa's touchdown early in the game when he gathered in a 30-yard forward pass from Andy Gordon and raced another 30. Eric Chipper converted, Ottawa's other point, putting them ahead briefly, came on a 10-yard pass from Gordon shortly after the second half started.

Late News Flashes

KING IS WANING

STOCKHOLM, Oct. 28. — (AP) — A medical bulletin issued tonight said the physical strength of 85-year-old King Gustav V of Sweden is waning, but that the ailing monarch's mind remains clear and lucid, and that he is heartily continuing to function fairly well.

RAILWAYS HALTED

NEILBORO, Australia, Oct. 28. — (Reuters) — Train services in all Australian states except West Australia will be paralysed for 24 hours from midnight tomorrow. Nineteen unions decided today on a token strike in support of strikes in Victoria and South Australia.

GERMAN WHALERS

KIEL, Germany, Oct. 28. — (Reuters) — The 13,000-ton German-registered whaling ship Olympic Challenger and 12 former British crew members have taken part in a whaling expedition since the Allies barred Germany from whaling after the war.

TIBET ASKS AID

NEW DELHI, India, Oct. 28. — (CP) — The Tibetan government has asked India for help to meet the threat from Chinese Communist forces, usually reliable sources said here tonight. Earlier government sources in close touch with the Tibetan capital said Chinese Communist troops entered the eastern mountain district of Tibet three days ago.

CABINET OXAYED

COPENHAGEN, Denmark, Oct. 28. — (AP) — King Frederik today approved a new Agrarian-Conservative coalition cabinet, excluding the socialists, whose month-old government fell Wednesday when a motion to abolish butter rationing, Agrarian leader Erik Rasmussen is prime minister.

STORM KILLS 4

PORTLAND, Ore., Oct. 28. — (AP) — A sudden ship was buffeted at sea today and up to 70 persons were reached by searchers in a mountainous rain as diminishing winds continued to pound the Pacific coast. The known death toll from four days of storm was four.

TWO DIE IN EAST

KINGSTON, Ont., Oct. 28. — (CP) — Two persons were killed and one severely injured today when an automobile collided with a truck at a street intersection. Ernest Odoard, Toronto truck driver, and Mary Nichaw, Kingston, a passenger, in the automobile, were burned to death in the collision.

DUPES' LOOK OVER DIVISION

In Scotland, Motherwell Union League, stopping Patrick Thistle 3-2 to clinch play Marjorie who dropped a 3-0 decision to Celtic. Heart of Midlothian joined Morton in second place, drawing 3-3 at Clyde.

Berry In Great Form At Regina

TAYLOR FIELD, Regina, Oct. 28. — Edmonton Eskimos, behind the strong right arm of Texas wonder boy Lindy Berry, marched into the final of the Western football conference today when they defeated the Saskatchewan Roughriders in the sudden-death semifinal playoff 24-1.

Eskimos now meet Winnipeg's first-place Blue Bombers in a best-of-three series for the right to continue in the Grey Cup hunt in Toronto.

First Quarter: With famed British comedian George Formby looking on, the Eskimos elected to kick and Durso kicked to Bodine who fumbled with Charleton recovering on their own 30. Pierce received a handoff from Hartman and went for a small gain of two yards on the first running play of the game. A long pass from Charleton to Hartman was knocked down. Regina kicked on third down on Hobbie.

Edmonton's first running play for a first down.

Second Quarter: After the change of ends Riders scrimmaged on Edmonton 30 yard line and Sammy Pierce found a big hole to pick up four yards through the middle. Regina down Pierce took a hand-off and went to the Edmonton 29 for a first down.

With third down and six to go Riders were right in front of Esko. Riders and Green kicked in the try for a single point but the kick went over the Edmonton goal line and bounced out to the Esko nine yard line where Edmonton took possession.

Berry got off a quick kick to Charleton who fumbled and recovered to bring it to the Edmonton 33. On third down Green kicked from the Rider 30 to Patfair who picked it up on the 35 for Eskimo.

Eskimos, with Berry calling the plays, scrimmaged on their own 35 and Berry uncorked a long pass down the middle to Bill Prather who scooped it in on a 25.

King hit the line and went over for the second Edmonton touch-down. Shukis kicked the convert this time to Prather who carried to the Rider 18. Berry fired a long one to Bailey but it was incomplete. On second down, King went through the middle for another first down on the Rider four yard line.

King hit the line and went over for the second Edmonton touch-down. Shukis kicked the convert this time to Prather who carried to the Rider 18. Berry fired a long one to Bailey but it was incomplete. On second down, King went through the middle for another first down on the Rider four yard line.

FLINGS ARE FUTILE

EAGLE-EYED passer, Frankie Pilchuck, who last season led Montreal Alouettes to Grey Cup honors, lived up to his famous reputation today tossing three touchdown passes in Big Four game at Hamilton against Tiger-Cats. However, even his brilliance failed to conquer Tiger-Cats, who triumphed, 29-18.

Reduced Taxation For Edmonton Seen

(This is another in the series of articles on the Edmonton Centre project.)

Edmonton home owners who vote for the civic centre project will be voting for reduced taxes in the years to come, because:

1—Scores of large companies would bring head offices to Edmonton if suitable office building space could be found. (City commissioners have had hundreds of inquiries.)

2—Locating of more head offices and plants in Edmonton would lead to even more rapid population increase and greater civic tax returns from increased taxable properties.

3—More rapid increase in population growth would lead to more sales of profit-making city-owned utility services and greater use of city transportation system.

4—Cost of servicing outlying communities with utilities would be greatly reduced owing to increased volume of utility sales, such as power, light and water.

5—Increased population would mean lower maintenance costs for streets because of tax burden being spread over more taxpayers.

6—Tax revenues of city would immediately be increased by \$2,200 per year from ground rent paid by civic centre.

7—Denser of decreased property values in heart of city would be largely eliminated through provision of tax parking space provided by project, which would in turn prevent a prohibitive increase in taxes for all citizens.

8—A beautiful civic centre such as is planned by New Amsterdam Corp. would attract thousands of (Continued on Page 2)

U President Is Installed

The real value of a university education lies long after the student's campus career is ended. Expressing that belief before an audience of educational dignitaries and graduates of the University, Prof. Andrew Stewart today officially began his service as fifth president of the University of Alberta.

An impressive afternoon convocation marked the installation of the new president.

Two other University presidents, Dr. N. A. MacKenzie of the University of British Columbia and Dr. J. J. Nicholson of St. Francis Xavier University, Nova Scotia, were also honored at the afternoon degrees of doctor of law.

At 8:15 this evening, fall convocation (Continued on Page 2)

Arsenal And Newcastle United Remain Tied

LONDON, Oct. 28. — (Reuters) — Arsenal and Newcastle United stayed locked in a neck-and-neck race for England's second championship today as both registered two-goal victories.

A second-half rally gave the Gunners a 3-1 decision over Derby County while the United whipped Blackpool 4-2.

The results left them two points ahead of third-place Middlesbrough who drew 1-1 with Fulham.

Coventry pulled into a tie with Manchester City for second division leadership by beating Don-

McGill Redmen Score 4th Straight Victory

KINGSTON, Ont., Oct. 28. — (CP) — McGill Redmen scored their fourth straight victory of the senior intercollegiate football season today—a convincing 43-15 decision over Queen's Gaels.

The loss eliminated the Gaels from championship contention and only University of Western Ontario Mustangs had a shot at the title.

At London, Ont., the Mustangs defeated University of Toronto 21-10 to take over undisputed possession of second place in the intercollegiate union. The victory gave Mustangs a 2-2 record in the won-loss column.

The victory gave the Mustangs four points, four less than from running McGill and two better than Varsity and Queen's, tied for third spot.

The McGilvane brothers—Bob and Don—looked after most of the Western scoring. Big Bob went over for one touchdown, converted two and kicked a fourth-quarter placement while Don got a major in the second quarter.

Gerry Fitzgerald scored a touchdown in the fourth quarter.

Naval Visit
CHERBOURG, France, Oct. 28. — (Reuters) — A Canadian naval squadron, including the aircraft carrier Magificent and the destroyer Hurn and Mimosa, left here today for Portugal and Benin.

Lead In Series
WINNIPEG, Man., Oct. 28. — (BUP) — Regina Bombers defeated the Winnipeg Light Infantry 26-7 for a one-point lead in the two-game, total point Manitoba-Saskatchewan junior football play-offs.

Markets At A Glance
TORONTO, Oct. 28. — (CP) — Stocks firmed on the Toronto Stock Exchange today with most market leaders showing gains.

The advance followed yesterday's strong gains in offsetting the three previous sessions' heavy losses. Trading was quiet and the volume was 90,000 shares.

MONTREAL, Oct. 28. — (CP) — Securities posted a majority of narrow gains during a quiet two-hour trading session today on the Montreal Stock Exchange and currency markets showed a little improvement.

In the paper group Fraser and M. & O. were up 1/4 each while Consolidated Paper, erased a similar amount.

King Hits Pay Dirt

Hartman handing off to Pierce moved the ball into the Rider 12 and cracked the Edmonton line and Kask took possession on their own one-yard line.

Two tries netted seven yards, Stuman kicked into touch at Edmonton 35.

After two attempts, Hartman tried a third-down field goal which fell short and the Riders ran the ball out of his end zone, succeeded to play it safe and conceded a quarter. Shukis converted for 40-18 Eskimo lead.

Riders elected to kick again and Saskatchewan booted to Patfair on his own 30 who ran it to the 40. King, on a direct snap, picked up 14 yards to first down.

On Riders' 34. Two runs by Berry King picked up another 14 yards. A short pass to another player and another play by King netted another 14 yards. Edmonton now only built the effort. Eks kicked another behind Regina line but Wardner cut it to the two.

After two tries to get under, Riders kicked to Bill Stukus who moved the ball into the Rider 12 and cracked the Edmonton line and Kask took possession on their own one-yard line.

Two tries netted seven yards, Stuman kicked into touch at Edmonton 35.

Tribute Is Paid To Late Premier

St. Laurent Joins Honoring Mackenzie Bowell Memory

BELLEVIEW, Ont., Oct. 28.—(CP)—Prime Minister St. Laurent joined today with other citizens in this Ontario community in paying delayed tribute to Sir Mackenzie Bowell, a Conservative who served as prime minister from 1894 to 1900.

Stewart Takes U Presidency

(Continued from Page 1) edition ceremonies will be the awarding of nearly 700 degrees, diplomas and awards to undergraduates and graduates of the university.

Two honorary degrees of doctor of laws will be conferred upon Miss Olive Fisher, veteran Alberta educator, and Andrew Chisholm, distinguished agriculturist and nutrition expert.

FIRST TO BE HELD

This afternoon's installation ceremonies were the first to be held at the university since the appointment of Dr. W. A. R. Kerr as president, in 1948. Because of wartime conditions no special convocation was held for the installation of Dr. Robert Stewart, until his appointment in 1941.

President Stewart was announced at the university following announcement of the retirement of Dr. Newton.

Today's convocation Premier Ernest C. Manning introduced President Stewart to the 700 guests in Convocation Hall. Following the premier's introduction, Mr. Mackenzie Bowell, chairman of the board of governors at the university, administered the oath of the new president.

President Stewart then delivered his inaugural address and presented Dr. Mackenzie with the diploma for his honorary degree of doctor of laws.

In his inaugural address, President Stewart spoke on the "fundamental function of a university is the quality which is expected to distinguish those who have been exposed to a university education."

LESS NOBLE ENDS

"My choice of topic is based on a conviction that, unless the University itself keeps before itself its essential purposes, it is in danger of being diverted to lesser and less noble ends," the president explained.

"The best the University can do is to stimulate the mind and develop the capacity to grow in knowledge and understanding," he said. "The student's knowledge, but his mind is not an inert receptacle."

The mind must be stimulated and put to the purpose of knowledge, the president added. He then outlined the qualities of the student who attempts the search for truth.

The pursuit of truth is an unending, unceasing process of intellectual discipline, concluded the president. "If the University is to perform its function of guiding students in the way of the quest for truth, habits of disciplined mental effort are necessary."

ACADEMIC PROCESSION

Evening ceremony also held in convocation hall, with the academic procession of faculty and students. Following the invocation given by Bishop of St. Joseph's College, President Andrew Stewart will deliver the report of the president in convocation.

Honorary degrees of doctor of laws will then be conferred upon Miss Olive Fisher and Mr. Andrew Chisholm. Mr. Stewart will deliver the convocation address.

Announcement of awarding of 1949 scholarships, prizes and medals will be then made. Forty-seven of the award winners are expected to attend the ceremonies. Presentation of 500 degrees and diplomas will be made, of which 300 will be awarded in Edmonton.

EDMONTON, Ont., Oct. 28.—(CP)—Growing among tombstones in the Baptist church cemetery here is a small crop of hope. The plants spread from neighboring poor fields.

Reduced Taxes Forecast Here

(Continued from Page 1) tions, added to the city's general prosperity.

SMALL OUTLAY

The small amount of money the city will spend to service the project with utilities will be soon liquidated through sale of utilities to the project itself.

Situated in the very centre of the downtown area, no additional sewage, water mains or electrical cables need be installed.

Street construction work adjacent to the project has been on the city's construction agenda for years.

NO DIFFERENCE

Opponents of the Delia plan are attempting to frighten home-owners of Edmonton with the spectre of increased taxation if the project is approved at the polls next Wednesday.

The claim is made with monumental regularity that if some \$400,000 a year is not paid to the city on the proposed project, the sale of the home owner will be increased to make up for this "loss."

Only a few years ago it was proposed to erect large federal and provincial government buildings on the site.

These buildings would have paid substantial taxes to the city.

But homeowners were not told their taxes would go up if government buildings were erected on the site, because that would have been ridiculous.

What if permission were given to erect a huge cathedral or church on the site?

Would opponents of the civic centre project suggest that all homeowners would pay more taxes then?

What if the same project were placed in an outlying area where property taxes are low?

It is contended that homeowners would have their taxes raised?

Opponents of the plan are calling for sale of the civic centre property site and full taxation on all buildings erected there.

NO COST TO OWNERS

But forward-looking civic administrators have long reserved this area as a civic centre solely to avoid this very situation.

Once the property passes into private hands all hope for an integrated civic centre with despatched cases concerning facilities is gone forever.

The very condition that has been continued in aggravated form. Only a scientifically-integrated project, such as the proposed civic centre, can save the very centre of Edmonton from deterioration that will be ruinous to business and homeowners alike.

The civic centre project is the only plan that will prevent erosion of the downtown Edmonton. It will not cost the Edmonton homeowner a single tax dollar.

Farmers May Receive Final Wheat Payment

SASKATOON, Oct. 28.—(CP)—Belief that final payment to the five-year Anglo-Canadian wheat pool will be made to farmers before Christmas was expressed today by Walter A. Tucker, Saskatchewan Liberal leader.

Mr. Tucker returned from Ottawa last night. He said in a telephone interview today that he urged the federal government to make a substantial payment over and above the funds remaining in the pool treasury.

It was generally rumored, said Mr. Tucker, that the final payment, without government assistance, would be about five cents a bushel of all wheat sold during the five-year agreement with Britain.

Mr. Tucker said he also urged Trade Minister Howe to make a further payment on the 1950 wheat crop at the earliest possible moment, and was optimistic this might be made in January or February.

The minister, he said, had agreed a payment might be desirable in view of hard conditions on the prairies. But Mr. Howe had also stressed that the government's selling policy was based on the pooling plan and that recognizing pool practices should be followed.

MUCH GRAIN

Mr. Tucker said he saw little likelihood of the government's subsidizing of feed grain to eastern Canada. He said the government had also said he emphasized that much of the wheat crop this year was feed grain, and that recognition of pool practices should be followed.

But Mr. Tucker said, he was not decided on any action regarding bolstering the final payment.

Russ Claim Big Oil Finds

TAIPEI, Formosa, Oct. 28.—(Reuters)—Russian prospectors have discovered 40 workable oil fields in Shensi, southwestern China, reports reaching here said today.

The reports said news of the Russian finds has been passed to the Sino-Russian petroleum enterprise in Peking, Communist capital, and further exploration is being planned.

About 30 Russian geologists and oil experts went to Shensi following the Chinese-Russian agreement on exploration of mineral products early this year.

Soviet Minister Relieved Of Post

MOSCOW, Oct. 28.—(AP)—Col. Gen. Lev. M. Mekhlik has been relieved of his post as Soviet minister of state control because of illness, it was announced today.

V. V. Merkulyov was appointed to succeed Mekhlik, who assumed to office in 1940. Mekhlik headed the Red army's political administration during 1941-42. In 1943, on the 60th birthday, he received the Order of Lenin.

The first of the 13 panels in Queen Mary's chapel is dated 1941, the border is dated 1950.

Smoke Damages Smokehouse

AT BURNS' Plant

There was too much smoke in the smokehouse last night. The fire, which broke out in the smokehouse at the Burns plant, 120 avenue and 72 street, caused extensive loss to meat in the building. Damage was also caused to the interior of the smokehouse.

No estimate of loss was immediately available.

A fire was reported at 1:29 a.m. Firemen also extinguished a small blaze at 901-52 avenue at 8:45 a.m. The blaze in the two-floor dwelling located behind a store, was started by a faulty wall fire alarm bell.

Abbot Sets Gold Price

OTTAWA, Oct. 28.—(BUP)—Finance Minister C. D. Abbot has announced Canadian gold producers would receive a new price of \$30.73906 per fine ounce for gold produced at the Royal Canadian Mint.

The price is based on the five-day average price of the Canadian dollar, which was 61.04 1/2.

Intensive Search For Plane Renewed

Dozen Bush-Trained Men Lead Rescue Party In North

A new phase in the search for the private plane missing in the northern bush opened today as the search went into its second week.

A dozen bush-trained RCAF rescue specialists left this morning to begin a two-week search of the area in which the five crew are now believed to be down.

Central point of the search will be a logging camp 12 miles north-west of Whitecourt.

Air force search experts at Edmonton theorize the plane is down in the dense woods which lie up the camp is located. It is at this point the plane would have struck the violent storm which blew up on the evening of October 14. If it had remained on its course on the morning of the 15th, it would have been found.

The ground search party will be assisted by an RCAF helicopter flown by P.O. J. McKenna. In charge of the operation will be P.O. R. V. Vaughan Smith.

The searchers will operate in teams of four and will criss-cross the search area, working on a grid system. Carrying sleeping bags, rifles and walkie-talkies, they will be self-contained mobile units. At night they will sleep in the open. Base from which the searchers will operate is a number 10 camp of Western Construction and Lumber Company, located on Base Creek.

Worker Crushed As Boulder Falls
MONTAUBAIN LES MINES, Que., Oct. 28.—(CP)—Grand Gregoire, 30, of Lac du Sablon, was crushed to death yesterday in a 500-foot-deep mine shaft of the Anacostia Lead Company when a boulder detached itself from the shaft and fell on him. Montaubain is in Port Huron County, near Quebec City.

The leather industry plays an important part in India's national economy.

Cancer Group Meets Here

Holding their first meeting in Edmonton in three years, the board of directors of the Alberta Division of the Canadian Cancer Society is meeting today and tomorrow at the Corona hotel.

They will inspect facilities and equipment provided by the society to hospitals and the university out of its "Fight Cancer Campaign" funds over the past year.

Here to attend the meeting are A. W. Shackelford of Lethbridge, president of the society, and W. E. Huckle, vice of Lethbridge; Jack Dempster, Medicine Hat; Alexander Chabon, Fred Kenny, Fred Shaw, and R. N. Talbot, executive director of the society, all of Calgary; Mrs. A. Vallancourt, Peace River; Mrs. E. Noah, Rosedale; Mrs. R. Morion, Vegreville; Mrs. A. R. McKenna, Ponikoff; Edmonton delegates are G. R. A. Rice, Mrs. G. A. Clarke, and Mrs. A. H. Holmes.

Calling All Trucks
WHITLEY BAY, England.—(CP)—Garbage trucks in this Northumberland town have been fitted with two-way radio, so they can be directed to places when rubbish has accumulated.

CHICAGO, Oct. 28.—(AP)—Three gunmen robbed the Erie Currency Exchange on the near north side of \$21,000 shortly before noon yesterday. The gunmen entered the exchange immediately after an armed policeman left \$21,000 in bills.

EXTRA BEDS
"Overcrowding is nothing short of a tragedy, with 108 extra beds—over and above our rated capacity—up in almost every room and other available space."

"Our daily average accommodation for 1950 is running at 90 per cent of our rated capacity, and the American College of Surgeons and the American College of Hospital Administrators have set 90 per cent as the upper limit of safety."

"Anything beyond that 90 per cent level is dangerous—and that is where we are operating the Royal Alexandra hospital."

"Our maternity situation is by far the worst. We started in 1930 with 40 maternity beds and delivery facilities for that number of beds."

DELIVERY FACILITIES
"We now accommodate 100 maternity cases with no increase in delivery facilities. Our case-load—intended for one have been subdivided to accommodate new deliveries at once."

"The 100-bed maternity addition, with its provision of suitable labor and delivery rooms, will only meet our present requirements."

"We are certainly not over-extending our request for additional facilities—we are not asking the taxpayer for any more money than is absolutely needed."

The first complete Bible in English was published in Coverdale, England, in 1538.

Hospital Head Scores 'Outrageous' Conditions

The limit of safety is being exceeded in Royal Alexandra bulging hospital wards.

With a daily average of 140 patients being turned away for lack of bed space, the hospital's accommodation is still being taxed 15 per cent beyond what authorities recognize as the "limit of safety."

Dr. D. R. Eaton, hospital superintendent, emphasized this today in a statement calling for taxpayer support of both money and laws at the polls Wednesday.

"It is vital that both the \$1,000,000 bylaw for additions to the present badly-out-of-date building, together with the \$450,000 bylaw for a new maternity ward, receive 100 per cent approval," he said.

"Overcrowding is nothing short of a tragedy, with 108 extra beds—over and above our rated capacity—up in almost every room and other available space."

"Our daily average accommodation for 1950 is running at 90 per cent of our rated capacity, and the American College of Surgeons and the American College of Hospital Administrators have set 90 per cent as the upper limit of safety."

"Anything beyond that 90 per cent level is dangerous—and that is where we are operating the Royal Alexandra hospital."

"Our maternity situation is by far the worst. We started in 1930 with 40 maternity beds and delivery facilities for that number of beds."

Pope Pius Composes Prayer To Honor The Virgin Mary

VATICAN CITY, Oct. 28.—(CP)—The text of the prayer Pope Pius has composed to honor the Virgin Mary was made public today.

It will be said by the Pope Oct. 31 at the proclamation of the dogma of the assumption of the Virgin to heaven.

An unofficial translation of the Italian text follows: "Prayer to most holy Mary assumed: "O Immaculate Virgin, mother of God and mother of men, we believe with all the fervor of our faith in thy triumphant assumption, in soul and in body, into heaven, where thou art acclaimed queen by all the choirs of the angels and by all the legions of the saints."

"And we unite with them to praise and bless the Lord, who hath exalted thee above all other creatures, and to offer thee the breath of our devotion and of our love."

"We know that thy gaze, that maternally caressed the humble and suffering humanity, is on earth, satiates itself in sight of the glorious hum, is the uncreated Knowledge (the divine knowledge, in God), and that the joy of thy soul in contemplating face to face the adorable Trinity causes thy heart to throb with tenderness."

"And we, poor sinners, for whom the body weighs down the flight of the soul, we beseech thee to purify our senses that we may learn, from here below, to enjoy God, God alone amidst the attachment of creatures."

"We confide that thine eyes of mercy look down upon our miseries and upon our sorrows, upon our struggles and upon our weaknesses; that thy lips smile upon our joys and upon our victories; that thou hasten the voice of Jesus say of each one of us, as he did of his beloved disciple (John): Behold thy son."

"And we, who invoke thee (as) our mother, we take thee, as (did) John, for guide, strength and consolation in our mortal life."

"We have the vivid certainty that thine eyes which wept on the cross for the redemption of the world, are still to be received."

Rural Blind Fund Reaches \$3,771
Collections of \$577 from three communities yesterday brought the total returns of the Canadian National Institute for the Blind rural fund to \$3,771.

Returns from 60 of the 83 communities are still to be received.

First Sod Turned For 'YM' Addition

Parsons Gets Golden Spade; Don Mackay Makes Speech

A new era of greater service to Edmonton youth was inaugurated yesterday with the turning of first and for the \$300,000 extension to the YMCA here.

Eisenhower Gets Support From Claxton

WASHINGTON, Oct. 28.—(CP)—Canada's defence minister has come out for the appointment of Gen. D. Eisenhower as supreme commander of allied forces in Europe.

And, amid a growing belief that the general is slated to receive the post, Eisenhower has indicated he is willing to take on the exacting equivalent of the job he held during the Second World War.

Brooke Claxton, here to represent Canada at today's meeting of the North Atlantic defence ministers, told a press conference yesterday that he knows of no one better than Eisenhower for the job of commanding a combined force to defend Western Europe.

Eisenhower, supreme Allied commander in Europe during the second world war and now president of Columbia University, said that if he is named to the post "I am an soldier and will do as I am told to do."

DEFENCE HEADS

Meeting of the defence heads of the North Atlantic Pact is expected to propose the country which will provide the supreme commander. The government of that country then would name the man for the post.

While there has been no official word of the country to select the supreme commander, it is generally believed the United States will be named and President Truman will then ask Eisenhower to assume the post.

Eisenhower today will hold conferences with the president and Army Secretary Pace.

G. W. McLean

Hotel Group Picks Leader

WINNIPEG, Oct. 28.—(CP)—J. G. Van Belleghem of St. Boniface, Man., was elected president of the Hotel Association of Western Canada at its two-day meeting which ended here yesterday.

He succeeds Harry Boyce of Regina.

Other officers included three vice-presidents: J. H. Crane, Vancouver; A. G. Swinerton, Macleod, Alta.; and J. B. Borge, Humboldt, Sask.; and managing director C. A. Tanner of Winnipeg.

Board of directors include: G. W. McLean, Edmonton; F. Thompson, Calgary; A. E. Dupen, Lethbridge; A. H. Harrison, A. H. Mann and E. V. Ely, all of Vancouver; V. V. Colquhoun, Saskatoon; G. G. Grant, managing director of the Saskatchewan Hotel Association; and Frank Powley and F. W. Dufferin, both Winnipeg.

On hand for the occasion were Harold Fackler, vice-president of the YMCA board of directors, Clarke Reedy, secretary and secretary-treasurer, and Herb Peets and Gordon McClary of the YMCA, building committee.

Prior to the ceremony, official guests attended luncheon in the "Y" building.

The new four-story addition, measuring 40 by 100 feet, will be located directly in front of the present building.

Immediately following the ceremony, excavation of the basement began.

Canada's largest sugar beet factories at Chatham, Ont., has capacity of 3,000 tons daily.

Next 50 Years Depend On Poor People Of Asia

HARTFORD, Conn., Oct. 28.—(BUP)—The course of events for the rest of this century will depend on the choice of the masses of hungry, illiterate people in Asia. Canadian health Minister Paul Martin said here last night.

Martin, speaking at the United Nations Week observance of the Greater Hartford Council for UNESCO, called for united action for prosperity.

"We must turn our thoughts to rescuing as many of the world's people as we can from their present misery so that they will not in desperation bring on themselves the permanent misery of Communist control," he said.

"There is a great mass of people in this world who know little or nothing of Communism or of democracy, who know little of freedom—but who know a great deal about hunger and privation and poverty."

PROBLEM URGENT

"The urgent problem of the world today is to telecommence the years, the decades—the centuries—even—that some nations are lagging behind us. We must do this in common humanity. But we must realize also that in coming to the aid of the underdeveloped countries and in leading their peoples to a better level of life we are not only "helping our neighbors"—we are helping ourselves."

He charged that Russian peace proposals in the United Nations were "a fine parade of words designed to lead and thereby to catch the eyes of the unwary and because the ill-informed."

"If Soviet sponsored peace proposals there would be no more war. But the voice that said 'march to the North Koreans, has given the world over to lead—not a machine-gun—but a "peace" proposal in their hands."

Martin called for greater participation in international politics by individual citizens.

'Blind' Bombing Makes Progress

LONDON, Oct. 28.—(AP)—British bomber command said last night that blind bombing with the aid of radar is making spectacular progress. In recent tests, the average error for two squadrons bombing a 20,000 foot target was 20 yards and 97 yards, and "our aim is to reduce that error by half."

Church Of England Takes Stand On Sex

Welfare Council Issues Booklet On Marriage

LONDON, Oct. 25 — (CP) — A Church of England council said today sex "is the basic human fact and therefore the main ground of all social life."

"If the church is to save the world from its new dangers," the group said, "she will have to take more seriously than she has so far done her duty to help men and women understand and accept, in the deepest sense, their sexuality, and in sex is a clue to their very nature."

The comments were made in a booklet on sex, marriage and the family published by the Church of England Moral Welfare Council. The booklet is entitled "Moral Crisis, the Church in Action."

At the same time, the social and industrial committees of the church's governing body, the assembly, issued a report citing gambling as "dangerously" increasing in the "film era."

Much of the report of the Moral Welfare Council was devoted to the activities of the council in educational and remedial work in moral matters. It called for more extensive sex education on a moral and physical plane, rather than the present "half-truths and falsehoods."

The report described "half-truths and falsehoods" as "the worst enemy of the church and the most serious threat to its future."

"Sex is what you were made for. Sexual experience is the thing you can do without. If you miss it, you miss the most worth having in life. And if you do not get all that you want in marriage you are free to seek elsewhere."

Service Club Events Listed

Service club calendar for the coming week is:

Monday: Kiwanis Luncheon, 12:15 p.m., speaker, W. E. Milton, C.N.R., Edmonton. Subject, "Floods."

Tuesday: Gyro, MacDonald, 12:15 p.m., speaker, A. O. Vamberg, public relations councillor, subject, "Building Industrial Morale Through Human Relations."

Rotary, basement Presbyterian church, 12:15, speaker P. J. Fleming, movie film on "Film Censorship."

Thursday: Rotary, MacDonald, 12:15 p.m., speaker, Herbie Nicholson, city police officer. Subject, "Public Relations." Lions, MacDonald, 12:15 p.m. Members will hold quiz contest.

Friday: Kiwanis, MacDonald, 6:30 p.m., program not yet announced. Y.M.C.A. supper meeting, followed by visit to home of member Harold Sprague.

Edmonton Club will not meet next week.

The council said persons seeking help in dealing with their moral problems "represent critical situations for the church and the most searching test of her method of dealing with souls in this generation."

SOVIET FOREIGN Minister Andrei Vishinsky, right, shakes hands with Kenneth Younger of United Kingdom at session of UN General Assembly at Flushing, N.Y. At left is U.S. representative John Foster Dulles, who proposed UN General Assembly be empowered to send international armed forces into action against aggressors. In surprise move, Vishinsky announced Russia found some good points in proposal.

Edmonton Man Reports Vancouver Firm Wins Contract

Using the theme "Jesus Christ, Teacher and Lord," Rev. Reid Vipond last night spoke to over 100 delegates at the general meeting of the Christian Education convention at First Presbyterian Church.

Rev. Vipond was one of the 24 groups was given by various missions delegates to the recent World Christian Education Convention in Toronto and his address was a report on it.

Rev. John Kakama, chairman of the convention, welcomed delegates. Following this, a demonstration of some of the teaching methods used in Sunday schools and youth groups was given.

Edmonton Man Reports Vancouver Firm Wins Contract

REGINA, Oct. 25 — (CP) — A contract to supply the 36-inch pipe for the proposed Buffalo Pound Lake water project pipeline to Regina was awarded today by city council to the Vancouver Iron Works Ltd.

The Vancouver tender, based on all steel piping, was \$2,522,211. If Canadian steel were used, with an estimated saving of \$63,000 if British steel were available.

On teaching methods for various age groups. At the evening meeting at 8:00, Dr. G. H. Villotte will be guest speaker.

New Jasper Place Tax Suggested

Jasper Place Taxpayers' association last night adopted a motion asking council of the west-end village to pass a bylaw for frontage taxation.

The motion, which will be brought before council at a later date, asks that the tax be applied on any street or avenue which has been graded.

Frontage rate could be set at so much cents per linear foot and would cover maintenance costs during the length of the agreement, R. F. Lambert, president of the association, told the meeting.

Jasper Place's taxation rate, presently 20 mills, might be reduced considerably by this tax application, Lambert said.

Meeting was told that the provincial government has agreed to pave 15th street in Jasper Place as soon as possible.

It was also announced that a postal survey has been completed in the village and that recommendations would be forwarded to Ottawa.

Mayor J. M. Stone informed the meeting that there is a strong possibility Edmonton water and sewage mains would be linked in Jasper Place in the future.

The mayor was reporting on a recent conference between the village council and the Edmonton Board of Public Utility Commissioners.

If the City Centre is allowed to stand vacant it will cost the taxpayers an estimated \$450,000 a year the city will get under the agreement...

ON LABOUR DAY ... 11 BABIES WERE BORN IN HALLS

ROYAL ALEXANDRA HOSPITAL IN DESPERATE NEED OF SPACE!

Taxpayers of this city since 1911 have spent thousands of dollars on their municipal hospitals. Today, because of the tremendous growth of Edmonton, hospital facilities are completely inadequate. To protect their investment, taxpayers are asked to pass two money bylaws which will accomplish these things — Increased maternity facilities—renovations and additions that will make the Royal Alexandra completely up to date and changes that will make all future growth orderly and efficient.

VOTERS ASKED TO PASS TWO MONEY BYLAWS

Money Bylaw No. 9 asks citizens to vote the sum of \$1,035,000 for the erection of a new Maternity Building at the Royal Alexandra Hospital. Birth rates in Edmonton have increased tremendously, and present maternity facilities in the city are hopelessly inadequate.

Money Bylaw No. 10 asks citizens to pass the sum of \$1,200,000 for additions, renovations, to the Royal Alexandra Hospital, including improved operating rooms, laboratories, X-ray departments, cafeteria, plus renovations to plumbing in the present main building. Consolidation of hospital services at the Royal Alex will bring the hospital completely up to date and protect the taxpayer's investment.

Vote Yes to These Two Questions

Bylaw No. 9—"Shall council pass a bylaw creating a debt in the sum of one million, thirty-five thousand dollars for the erection of a new maternity building at the Royal Alexandra Hospital to release serious overcrowding of present facilities?"

Bylaw No. 10—"Shall council pass a bylaw creating a debt in the sum of one million, two hundred thousand dollars for additions, renovations, to the Royal Alexandra Hospital, including improved operating rooms, laboratories, X-ray departments, cafeteria, plus renovation of plumbing in the main building?"

PRIZE-WINNING livestock prove lure to exhibitors and buyers at Edmonton's annual fall livestock show opening here Oct. 31 and continuing until Nov. 3. Here is prize-winning type of Aberdeen Angus animal to be exhibited at show in livestock sales pavilion.

500 Entries Listed For Fall Livestock Show

Junior farmer's competition will be one of the highlights of the Edmonton Fall Livestock Show and Sales, Oct. 31, Nov. 1, 2, 3.

Entries in this department are being received from junior farmers 10 to 18 years of age, and may be addressed to Edmonton Exhibition Association.

Junior competitions will include a lamb tripping competition, pig feeding, and sheep and swine judging.

JUDGING FEATURED

Over 500 entries have already been registered for the fall show. First two days of the event will feature judging of swine, sheep, lambs, and sales of commercial swine and market lambs.

Auction sales of purebred cattle, swine and sheep will take place on Nov. 2 and 3. Auctioneers will be Don E. Ball, Edmonton, J. W. Durno, Calgary, and Archie Hoyce, Weldon.

Entries in this year's show are as follows: 361 purebred swine; 202 purebred sheep; 180 commercial swine; 67 commercial sheep; 21 purebred cattle. Judging will be conducted by Graham Jones and J. L. Pasley, Edmonton, W. H. T. Mead, livestock commissions, Edmonton, Philip Rock, Drumheller, and J. G. Stohart, Lacombe.

Among leading exhibitors entered are Lord Rodney, Fort Saskatchewan, S. W. Sheppard, Edmonton, J. W. Henderson, Red Deer, Alex Kennedy, Ramona, Alta., W. R. Cornish, Mannville, Alta., and Henry Ziegler and Sons, Vegreville.

Lilacs in Bud

ESTHER, Oct. 28—When winter comes, spring cannot be far behind. At least that's what Mrs. C. A. Johnson thought when inspecting her garden the other day and noticed that her lilacs were coming out in bud. This is the first time Mrs. Johnson ever saw such a sight in her 30 years of residence here. It may be attributed to the warm, moist weather.

New Elementary School Gets Immediate Start

Construction of the new Mount Royal elementary school at 55 street and 113 avenue, will start immediately. Cost is estimated at \$300,000.

This was decided upon by members of the Edmonton Public School Board at a special meeting held late Thursday afternoon.

At the meeting, held for the purpose of awarding contracts for the building of the new school, Alexander Construction Co. was awarded the general contract at a tendered price of \$280,000.

Tender of Alexander Construction was lowest of seven companies. Lockert and Hole Ltd. was second lowest bidder. The school given the plumbing, heating and ventilation contract at its tendered price of \$20,000, lowest of five companies.

Electrical contract was awarded to Cowan Electric for \$13,750. Work on the new school will commence immediately and crews will work night and day, weather permitting, in order to get the foundation built at the earliest possible date.

"It is hoped that the school should be completed for the 1951 school term, but it will depend a great deal on the weather," said W. W. Buchanan, Edmonton Public School Board architect and plant superintendent.

BRIDGE

Lou Put On Ice By Pessimistic Pete

By OSWALD JACOBY
 Lately Lou was in to see me yesterday with a legitimate complaint. Here it is in his own words: "I played with my wife in the club duplicate yesterday. We would have won it easily if it hadn't been for the pessimistic Pete. He sat South and I sat East on the hand that was the tournament. The bidding was short and defensive. Pete showed no pessimism and had no trouble finding the diamond slam."

"My wife opened the four of clubs. Pete won with the ace, laid over to dummy's ace of diamonds and returned to the king in his own hand. After a couple of games

because the trump had not broken, Pete led the jack of spades and played the east free dummy. By this time, I had made up my mind that Pete's ace of clubs was a singleton and that my only chance was to refuse to win his last trick. Accordingly, I played the king of spades without beating me."

"The play almost worked. Pete won this trick and the king of hearts and finally led the queen of spades and finessed once more. And I could do was to take that trick. Naturally I would lose my queen of spades. I led a club back. Pete trumped him, collected dummy with the nine of trumps and discarded his three losing hearts on the three good spades. Curious!"

"It is just your reputation being back at you," I said. "I'll bet if an ordinary player had made your play Pete would have picked up your last trump before taking the second spade finesse and you would have set the hand. By the way, how did Genevieve George do?"

"He won the tournament, of course," said Lou. "The thing was, and he held the West hand but our old friend Hank Luck Joe played the hand against George."

"George's partner also opened the four of clubs. Joe had no problem with the hand at all. He simply drew some rounds of trumps and finessed the jack of spades. Naturally, George, with his well known generosity, let it slide. Joe finished with the king and George grabbed the queen. Lou Joe with three losing spades in dummy and no way to get to them. Joe was down three and the top score gave George the tournament."

ESTHER—A double wedding was celebrated in New Britain, Conn., last week in honor of newlyweds, Mr. and Mrs. Edmund A. Gougeon, of New Britain, and Mr. and Mrs. John Hoffman of New Britain.

Despite muddy roads, a very large crowd was in attendance. The two young couples were married earlier in the day at Orya.

No. 1 Suspect In Cancer Cause Being Traced

KANSAS CITY, Kas., Oct. 28—(AP)—The University of Kansas medical school is making progress in its study of the No. 1 suspect in the cause of cancer.

This suspect is nucleic acid, a substance present in all living tissues.

Dr. Robert E. Stowell, director of the Kansas cancer research program, described the work yesterday.

"We are looking," Dr. Stowell said, "for the substances that control growth, because cancer is abnormal growth. It is extremely important to discover where, normally, growth is controlled."

"The best suspect is nucleic acid and nucleoproteins, the latter being proteins containing acid. These nucleoproteins control the growth of normal cells. We have a number of leads. Some there are two types of the acid and that cancer cells contain more nucleic acid. Also that young and growing cells, both of which can cause cancer after the acid."

"The theory that cancer is caused by a virus is also being tested. The acid is the partner of the virus. When we feed cleaning fluid to mice, the acid in the liver tissue cells decreases and the cells die. But the young cells which replace the dead tissues contain excess nucleic acid."

Russian merchants established trading posts in Alaska shortly after the voyage of Vitus Bering in 1741.

Stamp Of Success Put On UN Meet

Decisions Are Reached On Two Main Tasks Of Assembly

By Tom Ochiltree
 LAKE SUCCESS, N.Y., Oct. 28—(AP)—The United Nations General Assembly today reached the half-way point in its 1950 session. It has taken decisions on its two main tasks—unification and reconstruction of Korea and establishment of a veto-proof system to combat aggression.

In the view of most of the 60 delegations, those two actions place a stamp of success on the last six weeks of debate. There is a general feeling—not shared by the Russian bloc—that the main obligations of this session largely have been discharged.

The assembly still faces a docket heavily loaded with issues. Many high assembly officials feel that some of these questions will have to be put off until next fall. They are opposed to holding a session in the spring to work through the entire agenda.

RATIFY RESOLUTION
 Final assembly ratification has been given to the Korean resolution. While the Korean fighting now is drawing to a close, approval was essential at the time the assembly was held.

General Motors Shows Income Of \$702 Millions

NEW YORK, Oct. 28—(CP)—General Motors reported Thursday a net income of \$702,655,156 for the first nine months of 1950—earnings equal to \$7.02 a share of the new common stock.

This compared with a net income of \$604,410,000 for the corresponding period last year. It was the first earnings report since the Oct. 2 two-for-one split.

The question of Jerusalem's 10 million calling on Russia to give an accounting of German and Japanese prisoners captured in the second World War and Yugoslav proposals to defuse aggression and provide a UN goodwill commission to mediate all disputes, also are pending.

Various Russian efforts to oust the Chinese Nationalists from the assembly and give their seats to the Chinese Communists have been beaten down during the last six weeks. The major fight on Chinese representation is still to come, however.

Linked with it is the question of Permanent Five status, an item the United States placed on the agenda, and Nationalist China's charge that the Soviet Union violated treaty agreements by aiding the Chinese Communists to power. It is doubtful whether Nationalist China's accusations will receive an airing at this session. The issue is well down on the agenda and no other country has come forward to press for a hearing on the matter.

Atomic control is not on the docket this time, but at least one day will be set aside for discussion of the atom by an assembly plenary session. In view of President Truman's suggestion that a new approach be made by combining the atomic energy commission and the commission on restriction of conventional (non-atomic) weapons, the entire problem may touch off a long debate, observers say.

Snow In Britain

LONDON, Oct. 28—(Reuters)—Britain's first reported snow of the season fell today on high ground near Bath, Somerset. Ground in the London area was white with frost at daybreak.

General Motors reported Thursday a net income of \$702,655,156 for the first nine months of 1950—earnings equal to \$7.02 a share of the new common stock.

This compared with a net income of \$604,410,000 for the corresponding period last year. It was the first earnings report since the Oct. 2 two-for-one split.

6-5, and Take Your Pick

Saskatchewan Roughriders rule slight favorites to give Eskimos their lumps when the teams collide head on in the Saskatchewan capital this afternoon.

The guys trying to get down with a buck or ten yesterday liked Roughriders at something like 7-5, with the odd more cautious gambler offering no more than 6-5.

In other words no one was for doing much bragging, either way. When something gets to be 6-5 there isn't much to choose.

Two factors are in the Roughriders' favor. Coach General Grant's gridmen will be playing at home, a circumstance that can't be laughed off. As well those Roughies, their play-off efforts of recent seasons dogged by a lot of luck, most of it bad, are in line for a successful rendezvous with Dame Fortune.

The percentage is with the Regina, then. And if that doesn't sound particularly terrifying just remember a gambling house asks for no more.

As against all this, and forgetting for a moment the fire power each team boasts, Eskimos will bring a hunger for vindication that could easily sweep Roughriders into the discard.

While the heat was on during the latter stages of the Western Conference schedule coach Annis Stukus' young men were something less than sensational.

They dropped five of their last six games, finishing up with a flourish (?) by failing to get across with the knockout drives in any of their last four engagements.

Particularly galling to their supporters during this brouhaha was a pair of reverses suffered at the hands of Calgary's likewise wrong-way Stampede.

Better these were initiated by the Innisfree Indians or Calmar Colts insofar as the peace of mind of the customers was concerned.

Agreed injuries took their toll of the team's effectiveness. But faulty tactics played a part, too, which the Monday morning quarterbacks weren't for letting go unnoticed.

In those last four or five weeks considerable of the shenanigans were the talk of winning the Grey cup (said to a whisper, and a not very loud one at that).

This then, was the position of the Eskimos as they boarded that special train at the CVR depot last night. There was no undue hilarity, except perhaps in the case of one or two supporters who obviously planned to watch the action at Taylor Field today with head in both hands.

Coach Annis Stukus affirmed his belief that victory was just a few hours off. If he heeded at all it was only to suggest that "we can't fail to beat 'em if we score two touchdowns."

It appeared that he had done some homework in this regard. Perusal of the season's records showed that Roughriders failed to solve kick defenses for more than 12 points in any one contest.

Quarterback Lindy Berry, hauled off the train at the last moment to answer the usual question, quipped: "I think we'll win. I hope so. Otherwise I'll ride back to Texas on a flat car."

Whether this was meant as a threat or a promise wasn't quite clear.

Eskimos can't back all their losses of the past few weeks, providing they play their cards boldly in Regina today and come through with a win.

But a setback, under any circumstances, will make for a long, tough off-season in football circles hereabouts.

JUNIOR OIL KINGS IN CAMP ENCOUNTER

Edmonton's Junior Oil Kings were split into two squads, Blacks and Whites, last night at the C.V.R. grounds and held their first inter-squad scrimmage.

Bill Hogan paced the Blacks to a 9-1 win, punning five goals past a very busy White goalie, Red McPherson. Bruce Dickson accounted for two, while Ray Kinasewich and Gord Stogryn each tallied singletons.

Big Russ Kowalschuk prevented Black netminder Laurie Hodgson from securing a shutout with a late counter.

Charles Turns Back On \$100,000 Offer

PITTSBURGH, Oct. 28 (AP)—An offer of \$100,000 for Edward Charles to fight Jiggs Maxin "Nutt" anything at all," the heavyweight boxing champ's handler declared tartly yesterday.

Jack Nix, co-manager of would-be challenger Charles, was replying to an assertion by William P. Nye of San Francisco that nobody else

ASSISTING in making draw for Associated Canadian Travellers' carspiel, opening Monday morning at Edmonton and Granite rinks, veteran curler Bert Ross, right, reaches into hat held by 'spici' executive Harry Polon. Secretary Gordon Hubrick looks on approvingly.

STARRY ENTRY

ACT Carspiel Starts Monday

All is in readiness for the second annual Associated Canadian Travellers' carspiel, scheduled to get underway Monday morning.

Total of 68 rinks, many of them among the top rinks in western Canada, had entered when it came time to make the draw yesterday afternoon at 'spici' headquarters in the Macdonald.

ROSS PRESIDED

Presiding over the draw was veteran curler Bert Ross, whose task it was to reach into the hat and draw out the names.

His first effort resulted in the name of Winnipeg's Leo Johnson, unsuccessful finalist against 'Punchy' O'Meara's Trail quartet, being drawn.

Next it was E. B. (Ole) Olsen, Royal City, Edmonton, then Lloyd McIntyre, Viking, and so on through the list, until the last name had been drawn from the hat.

Three draws will be played Monday, the games being between the Edmonton and Granite rinks.

Last year's winner of the carspiel, 'Punchy' O'Meara, was back for another whirl at what the ACT has to offer.

Calgary-based, Edmonton: Campbell brothers, Avonlea, Sask.; Billy Ross, the aforementioned Leo Johnson, and others are expected to make it highly interesting for the slicker from Trail.

All games will be of 12-end duration.

Shows at the Edmonton are numbered 1118, those at the Granite 19-26.

Monday's draw follows:
Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton.

ACT NO. 10 (EDMONTON): Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton.

ACT NO. 11 (EDMONTON): Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton.

ACT NO. 12 (EDMONTON): Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton.

ACT NO. 13 (EDMONTON): Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton.

ACT NO. 14 (EDMONTON): Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton.

ACT NO. 15 (EDMONTON): Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton.

ACT NO. 16 (EDMONTON): Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton.

ACT NO. 17 (EDMONTON): Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton.

ACT NO. 18 (EDMONTON): Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton.

ACT NO. 19 (EDMONTON): Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton.

ACT NO. 20 (EDMONTON): Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton.

ACT NO. 21 (EDMONTON): Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton.

ACT NO. 26 (EDMONTON): Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton.

ACT NO. 27 (EDMONTON): Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton.

ACT NO. 28 (EDMONTON): Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton.

ACT NO. 29 (EDMONTON): Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton.

ACT NO. 30 (EDMONTON): Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton; Leo Johnson, Winnipeg, R. C. Olsen, Royal City, Edmonton.

WHERE TO PLAY?

Leaders' time space is proving the usual big headache for the Edmonton Basketball Association this season, according to president Dave Main.

As a result of the limited playing facilities, Senior Men's league will not open until after Christmas.

However, Waterloo Meteors and University of Alberta Golden Bears, two anticipated entries in the league, are expected to see plenty of action before Christmas.

Senior Ladies' basketball league will open with a doubleheader, scheduled for the Athabasca gym, next Saturday night, starting at 7:30 o'clock.

In the opener, Catholic Youth Organization's entry will meet the Varsity Club. Second half of the win-win will see Meteors tangling with Stars.

St. Anthony's and McKinnon's Eagles are slated to open the Junior Men's league the following night. Varsity Bears will play YMCA in the second half of the doubleheader. Site of the games will be announced later.

Meteors and Golden Bears will play Margab and Lehighville in the round-robin tournament in the Southern centres in two weeks time. An exhibition game with Detroit Vagabonds, Kings is also lined up for the two powerful Edmonton teams.

But right now, because of the shortage of basketball floors, BBA heavy main doesn't know whether it's coming or going.

Both judge Joe Angelle and referee Rudy Goldstein had it 2-5 in round, Angelle had 7-4 and Goldstein had the Rock on top 10-4.

Arthur Schwartz voted the Graziano left six rounds to four. Graziano lost fifth round because of a low blow. He probably would have won it on many of the score cards if he had just gone out of bounds.

Crowd of 10,000 that paid \$60,000 for the full season option seemed to like the contest between the two fighters, who missed more often than he landed, and blond Tony, who ran out of gas in the final round.

Both judge Joe Angelle and referee Rudy Goldstein had it 2-5 in round, Angelle had 7-4 and Goldstein had the Rock on top 10-4.

Both judge Joe Angelle and referee Rudy Goldstein had it 2-5 in round, Angelle had 7-4 and Goldstein had the Rock on top 10-4.

Arthur Schwartz voted the Graziano left six rounds to four. Graziano lost fifth round because of a low blow. He probably would have won it on many of the score cards if he had just gone out of bounds.

Crowd of 10,000 that paid \$60,000 for the full season option seemed to like the contest between the two fighters, who missed more often than he landed, and blond Tony, who ran out of gas in the final round.

Both judge Joe Angelle and referee Rudy Goldstein had it 2-5 in round, Angelle had 7-4 and Goldstein had the Rock on top 10-4.

Riders Peers On Ground; Esks No. 1 Passing Squad

REGINA, Oct. 28 (AP)—Statistics covering the whole schedule were released yesterday by secretary Bob Gillies. They show Roughies picked up 4,183 yards from scrimmage—five yards more than Eskimos. Calgary was third with 3,001 yards and the league-leading Winnipeg Bombers fourth with 2,580.

Roughies picked up 2,441 yards along the ground in 456 attempts. Calgary was second with 1,874 in 126 tries; Winnipeg fourth with 1,776 in 184; and Edmonton third with 1,590 in 335.

In forward passing, Eskimos made 2,689 yards, Calgary 2,027, Winnipeg 1,904 and Riders 1,741.

ESK PASSERS SUPREME
Edmonton passers, mainly Lindy Berry, threw a total of 284 passes, completed 135, and had 21 intercepted for a completion average of 51.3 and an average completed yardage of 14.7.

Calgary passers (threw 262, completed 132 and had 18 intercepted for a completion average of 49.8 and an average completed pass of 15.3 yards).

Winnipeg passers threw 245, completed 104 and had 16 intercepted for a completion average of 42.9 and an average completed pass of 17.1 yards.

Riders passers threw 228, completed 102 and had 23 intercepted for a completion average of 44.9 and an average completed pass of 18.3 yards—top for the circuit.

Calgary passers threw 228, completed 102 and had 23 intercepted for a completion average of 44.9 and an average completed pass of 18.3 yards—top for the circuit.

Vic, St. Joe's to Clash In High School Grid Final

Victoria Composite backed into the High School Senior Football league final last night as St. Joseph's won 14-0 over Saint before 1,100 children and adult fans at Clarke Stadium.

Had St. Joe's last year's champion defeated St. Joe's Fighting Irish, they would have entered the final against the St. Joseph's coached squad, having a better record than the St. Joseph's coached squad.

In the opener of a double-header, Eastwood's Infantry marched to a 6-0 victory over coach Don Smith's University squad.

St. Joe's charging fullback, Joe Christensen, booted a single point in the second quarter to give the Irish the hard-fought 14-0 win.

NORTH HEAVYWEIGHT READY FOR ALL COMERS

Bob Clarke, prominent Grande Prairie amateur fight manager, was in the city for last night's Boys' Boxing club card at the Stock Pavilion.

New Renfrew Stand Among Civic Bylaws

City burroughs will be asked to vote on a \$50,000 money bylaw when election day rolls round Wednesday, purpose of this particular outlay being the erection of a new grandstand at Renfrew Park.

AL ROLLINS GUARDS LEAF'S NET TONIGHT

TORONTO, Oct. 28.—(CP)—Boston's winless and goal-starved Bruins tonight make their sixth try of the young National Hockey league season to crash the victory column.

They'll be tackling the league-leading Toronto Maple Leafs here and there'll be no Turk Broda around to slam the door in their faces.

Broda, the league's current shutout king with three straight, will sit this affair out.

Bruins are unlikely to find Al Rollins, former Edmonton flyer, a soft touch. He substituted capably for Broda in Chicago last Sunday when the 36-year-old veteran was given his first rest of the season.

Rollins, who was injured in a fall from a horse, is expected to return to the team tonight.

THESE ARE THE ISSUES AT STAKE on the CITY CENTRE VOTE!

IF YOU VOTE "NO"

AMID RUINS of what had been his home in Seoul, a little South Korean boy cries for his mother. Child was found by American G.I.'s after they took battered capital from Communist invaders.

U.S. Ambassador To Korea In Edmonton En Route Home

Koreans—North and South—don't care who they are governed by, all they want is a chance to make a living.

This is the opinion of John J. Jassard, U.S. ambassador to Korea, who passed through Edmonton late last night on his way to Washington.

The well-built American ambassador will report recent developments in the Far Eastern trouble center to the state department before returning to his Korean post in about two weeks' time.

During the short interview at Municipal Airport while waiting for the Northwest Airlines plane for Tokyo to refuel, Mr. Jassard stated that Korea was a mass of devastation and the United Nations rehabilitation program will take years.

MORALE IMPROVED
He went on to say that the present situation in Korea has boosted South Korean morale tremendously after the tough three months spent under Communist rule.

Someone during the interview kept referring to the troops in Korea as Americans, but was quickly corrected each time by the Far Eastern ambassador who said, "not American, United Nations."

This is Mr. Jassard's fourth trip to Washington since he was appointed to the office two and a half years ago, but the first since the outbreak of hostilities in Korea.

Japan Plans Trade Treaty
TOKYO, Oct. 28.—(Reuters). Japan will sign a new one-year \$750,000,000 trade agreement with the sterling area "very shortly," government sources said today. Japan will export about \$450,000,000 worth of cotton goods—one-third of her total export—to the sterling area under this agreement. It was reported.

Fear Of Mines Is Strike Cause
RIO DE JANEIRO, Brazil, Oct. 28.—(Reuters).—Fear of Communist mines in the China area led to a strike today about a Panamanian ship due to sail for Panama and south China ports. The men were reported to have walked ashore while the vessel, the Santa Catharina, was loading sugar at the port of Pernambuco.

Public Meeting

Through War's Turmoil Hong Kong Still Trades

Despite strife and turmoil in the Far East, Britain's island colony of Hong Kong is enjoying a "fabulous" trade.

Canada's trade commissioner to Hong Kong, Kenneth F. Noble, described the situation in an interview here yesterday.

Mr. Noble is taking over a new post as Canadian trade commissioner in Cape Town, South Africa, after four years in Hong Kong and 12 years in the Far East in Malaysia, India, Australia and New Zealand.

Value of trade in Hong Kong in July alone was \$10,000,000 in Canadian money.

Despite occupation of the Chinese mainland by Communist or People's Government forces, transshipment of goods to and from British territory is continuing without interruption, Mr. Noble said.

The trade commissioner will remain in Edmonton two days visiting the new cabinet.

New Cabinet Seen For Denmark
COPENHAGEN, Denmark, Oct. 28.—(AP).—King Frederik today called on Erik Erikson, Agrarian leader and former agriculture minister, to form a new Danish cabinet to replace the one which resigned Wednesday.

The Socialist regime of Hans Hedtoft resigned after a bitter debate over butter rationing.

Paint Splatters Truman Bust
KANSAS CITY, Oct. 28.—(AP).—A bust of President Truman on the campus of the University of Kansas City was splattered with paint last night for the second time in three days.

Red and white enamel was spilled over the bronze bust last night. Wednesday night white wash was used. University authorities blamed vandals or Halloween pranksters both times.

ABCE, Oct. 28.—Junior Grain Club held a meeting last week with District Agriculturalist Fred Strachan attending.

The members had a demonstration on how to prepare their sample of grain for this achievement day which will be held Nov. 1.

Gordon All Set
SACRAMENTO, Calif., Oct. 28.—(AP).—Joe Gordon, former New York Yankee and Cleveland ace, says he now is free to take the manager's job with the Sacramento Pacific Coast league club.

on the TOWN...

By Jack DeLong

Just Saturday Stuff

MOSCOW, Oct. 28.—(Ipsa) urges defeat of Edmonton Civic Centre Project because Russia will not invent the Miracle Mile until 1950.

Stetson-wearing Mayor Don Mackay of the neighboring borough of Calgary just couldn't help rubbing things in a little yesterday. Said his Worship: "I'm in Edmonton to attend that rugby game that won't be played here tomorrow."

Korea Club Service: To L.S. L. D. Harvey on HMCS Cayuga goes a fond hello from Mom and Dad. Both Billy and David are fine. Message is signed Betty. Bill Sinclair on Athabasca and brother Jerry on Cayuga get long distance hellos from Betty and Donna, and from Mrs. Mary Sinclair who just returned home from a nice trip to Regina.

With everybody being so nice to me and my family at the hospital I really hate to write this item but it's too serious to let slip by. A woman reader phoned the other afternoon and she was indignant. After hearing the lady out I can't say that I blamed her.

She told me her son had recently been first on the scene of two serious automobile accidents. In one case a man had a large gash in his head. In the second case the injured man had a badly injured hip.

The lady said her son naturally whisked the injured off to the nearest hospital. He had never seen either victim before. At the hospital admitting office (by a coincidence it was the same one each time), there were longwinded wrangles as to who would be responsible for the hospital bills.

The good Samaritan was urged in each case to sign that he would accept responsibility for payment of bills. Naturally he refused.

Eventually the injured were carried inside for medical aid.

The lady says that her son feels that many persons will not be anxious to help out at accidents if they are treated as he was.

While we're on the subject of hospitals, how about voting for that hospital bylaw on election day? To a certain extent hospitals are being choosy these days on who they admit just because they can afford to be choosy. We've got to have more beds.

And another bylaw that should get the friendly X next Wednesday is the Randers grandstand bylaw. It isn't for much, do you see as money goes these days, (and don't it ever go), and Edmonton just can't have a return to Boyle Street bleacher days.

A fine goodnight to all and especially to good Samaritans and the Eskimo football team.

Drive Against Radio Licence Defaulters

Edmonton radio listeners who lack licences for their radios are being summoned daily without warning.

According to W. G. D. Allen, district superintendent of radio for the Department of Transport, 60 cases have already gone to police court and over 200 more are pending from Edmonton and district. Two inspectors have been checking daily on householders without radios ever since last July. They work from lists made up from reports furnished by radio dealers and from records of last year's licence holders.

NO WARNING
"We summons without warning, anyone we find without a licence," said Mr. Allen. "If we didn't it would take thousands of inspectors to control the situation."

Usual fine is \$5 plus \$4.25 costs. In addition, the \$2.50 radio licence fee must be paid immediately. "The number of radio licences up to last September was 31,160 for Edmonton and district, an increase of 1,843 over the same period."

FIVE-YEAR WAIT ENDS

GAS CAME to Port Saskatchewan and residents gathered in centre of town last night as mayor and company officials lit big flare marking end of five year campaign to bring cheap fuel to community. Valve was turned by Mayor Charles F. Lowe with North Western Utilities Ltd. official A. J. Dunes bringing up torch that touched off symbolic gas flare.

MARITIMERS GET SET FOR REAL BEAN FEED

The far-from-home "Blue-Steelers" in Edmonton are at it again. Famed for their annual goodwill train to the Maritime members of the Edmonton members of the Maritime Provinces' Association announced another special attraction today.

They will hold a "bean supper" in connection with their fall meeting on Monday with beans brought all the way from New Brunswick as the "piece de resistance."

CONDICTION BETTER

Unconscious 140 Days, Man Stretches, Yawns

VERMILION, Oct. 28.—Marvin Oshadson, Vermilion man who has been unconscious for 140 days, has shown definite signs of improvement in hospital here. Within the past few days, he has moved his right arm for the first time since his accident near Melville June 18. Since the collision his arm had been paralyzed.

He also stretches and yawns, but never speaks though he has been able to hear.

Kansky Charge Reduced Gets Year For Wounding

Peter Kansky, no fixed address, was sentenced to one year's imprisonment Friday in Supreme Court after a six-man jury found him guilty of wounding.

The jury reduced the charge from wounding with intent to commit grievous bodily harm and Mr. Justice W. O. Egbert said "I took this into consideration in imposing sentence."

He agreed to defence counsel W. G. K. Brown's request that Kansky's sentence date be from the time of his arrest, last August 9. The accused admitted stabbing 66-year-old Edmonton cook Jim Pappas last August 9 in a hotel-room fight. But he insisted that he acted in self-defence, alleging that Pappas was strangling him and trying to rob him.

Pappas, however, claimed that Kansky attacked him suddenly with a knife as he was trying to quieten the accused.

In his charge, Mr. Justice W. O. Egbert told the jury they would have to decide whether they believed Pappas or Kansky but that even if they believed Pappas it must be believed it was beyond reasonable doubt. Otherwise, the charge could be reduced to unlawful wounding, common assault or not guilty.

Passage of Money Bylaws Is Urged

Election Campaign Warms Up, New City Hall Proposed

WHO CAN VOTE

32,241 Taxpayers Eligible
Only the 32,241 taxpayers whose names appear on the revised voters list are eligible to vote on the proposed possible city centre agreement referendum, and on the 10 money bylaws.

Despite the fact that a person is eligible to vote in the advisory referendum if he has lived here since last December, he may not vote in the Delivier referendum or for money bylaws unless he has a property owner whose name appears on the last revised assessment roll with at least \$300 worth of property.

City officials today pointed out that almost two weeks of sittings were held by the court of revision recently, when those who might have been left off, had a chance to get on the voters list.

While 93,520 electors are eligible to cast aldermanic ballots, only the 32,241 "householders" or taxpayers appearing on the assessment roll can express an official opinion on the lively Delivier agreement and on the money bylaws.

Edmonton's current aldermanic steepchase hit its hottest note last night in Alberta Avenue Community Hall. Things were so lively, with so many questions asked at the speakers, that chairman M. P. Finemore expressed "surprise" that meetings like this aren't held in every community hall in the city.

Most speakers said they'd heard and talked enough about the Delivier city centre agreement, and directed their main emphasis to urging passage of all money bylaws up for balloting next Wednesday.

NEW CITY HALL
A new city hall, incorporating a city auditorium, was Ald. Dick Leman's main argument point, he promised to start working for that right after election day.

But draw one of the night's biggest hands with his opposition to the \$200,000 High Level bridge reservation bylaw.

First speaker called out his Royal Alexandra hospital bed last night to add his voice to the campaign to speed for passage of the two hospital money bylaws, and to hold a "moment of silent prayer" for hospitals all over the world—particularly remembering our own.

Refused to vote with alderman Ald. Clarke said he was "bored" out of his mind by the "talk—no should talk about something were really going to need, extensions to Royal Alex hospital."

BYLAWS SUPPORT
Together with Ald. Athelstan Hisset, Carl Berg, Mr. Speed and Mr. Fred Mitchell, Ald. Clarke pressed vigorously for support of all money bylaws.

After a vote for the "lawful development" because it won't raise taxes or raise, Duncan Lanes pointed a question that he'd posed previously for support of all money bylaws.

McKernan Dance
McKernan Community League will sponsor a masquerade dance Tuesday at 9:00 p.m. in the league hall. Prizes will be given for the best fancy and comic costumes.

Voting Reported To Be Heavy

Civic election interest is twice as keen as last year—if advance poll figures are any guide.

Friday, from 1 to 6 p.m., a total of 61 voters cast ballots in the advance poll in the city across from the city hall.

First day of the 1949 advance poll, all voters exercised their franchise.

Advance poll is open today from 1 to 6 p.m. for voters who will be in the city next Wednesday.

MIDNIGHT MAGIC IN THE AIR WHEN HALLOWE'EN CHILDREN VISIT WICKED WITCH

MAGIC LANTERN in the night . . . tell us why you burn so bright . . . it's fascinating fare for small-fry as they gather in fair of the wicked witch. They have made their offerings of apples, candies, lollipops, nuts to the jarring lanterns and, now they're certain of success come All Hallows' Eve. Old Mother Witch has tossed aside her broom for the children's session and sings her best incantations to bring them good fortune. Bunny Rabbit Richard Burkholder hopes the lanterns will like that licorice lollipop as much as he would have. From left, Richard, Barbara McPhee, Barbara Short, Kathleen Wark, Sue Davies, Fox Waterspoon, Clare Burkholder.

APPLE-BOBBING GAME FUN FOR PARTY PRANK

APPLE FOR THE TEACHER may bring better results than the party-bobbing for the rosy red fruit . . . but it's not half as much fun. Barbara McPhee in her pretty Pierrette costume vies for the ruby-red prize with Pierrot, Kathleen Wark. Apple suspended from string is elusive. One will do if tasty.

Witches, Warlocks 'n Widgets Abroad to Collect Red Apples

Goblins galore will cavort with coddles of odd-costumed "little people" Tuesday when Halloween spirits are abroad.

So it will be a big night for the young'uns. And don't disappoint them!

Be properly afraid when a trio of ghosts calls on you for candy and apples. Treat lightly their Halloween pranks . . . and remember the fun YOU had ringing doorbells, the flour sacks full of goodies you collected when you joined the legion of spirits.

Remember the thrills and excitement you had on the long-ago Halloween nights of your youth . . . and give the kids a big time!

Hallowe'en Hi-Jinks Promised Tuesday Eve

Bubbling cauldrons of snips 'n snails and puppy-dog tails will be a-brewing come Hallowe'en night.

"Watch out, the old mother witch will get you," is more than an idle threat for Tuesday's time when the spirits have their fling.

Come Tuesday eve the witches and warlocks (a warlock is a he-witch) will plan the future of the universe from their throne of pumpkins.

In pagan times Oct. 31 was the night reserved for the annual convention of spirits . . . when they celebrated by making mischief for mankind.

So if the neighborhood kids run away with your gate or hoist your porch furniture up the boulevard tree as a prank, you'll know they're merely involved in carrying out ancient folklore.

Practice of juvenile pan-handling on All Hallow's Eve dates back to the middle ages. But grown-ups took part in this as well as the little people.

They begged for cakes and ale and the cakes for which they begged were called "soul-cakes."

Bobbing for apples is another custom originated long ago. It was a favorite amusement of the gay and glorious court of Queen Elizabeth of England. Superstitious folk of the middle ages set store by the fortunes told by peels of apples . . . and fortune-telling is still a popular party-pastime.

Women of Today

Dolores Kimball, Editor

WE'S SPOOKS 'N WE'LL SCARE YOU . . . WE GUESS

SPIRITS COME from out of the night to wonder o'er the earth come All Hallows' Eve and Bunny Rabbit Richard Burkholder accompanies Princess Pumpkin-Eater, Sue Davies, on nocturnal rounds. They're out for the biggest bag ever of apples, candies, nuts. Richard thinks this a mighty serious business.

JELLY BEAN HI JINKS AT HALLOWE'EN PARTY IS ROLL-AWAY RACE

PARTY-CLAD JOCKEYS in this jelly bean race are ready, set to go with their pug-noses conditioned to push the beans along the floor. First one to push three beans to finishing line is declared winner and takes home a huge lollipop for her efforts. Candy beans are black and orange in traditional Hallowe'en colors and the young'uns are anxious to dig-in to the party game left-overs. From left, Barbara McPhee, Clare Burkholder, Fox Waterspoon, Barbara Short and Kathleen Wark.

Greek Specialties Fill Counters at Group Bazaar

Melt-in-the-mouth Greek pastries, exquisite embroidery, intricate lace-work and other specialties of the Greek Canadian Ladies' Society will be featured at their annual bazaar Thursday.

Bazaar will be held at St. George's Greek Orthodox Church hall from 7:30 p.m. to 11 p.m.

Mrs. George Frudman will officially open the bazaar at 7:30 p.m. Receiving guests will be Mrs. James Varro and Mrs. James Pappa.

Pouring tea will be Mrs. William Baldock, Mrs. J. O. Baker, Mrs. E. M. Miley, Mrs. Lucien Maynard, Mrs. C. B. Baracos, Mrs. D. Diamantidis.

Mrs. George Spillius will be in charge of the register.

Head table conveners are Mrs. Ted Gardiner and Mrs. William Demas. Tea table conveners are Mrs. Nick Calka, Mrs. J. Antonic, Mrs. J. Christopoulos, Mrs. George Costello, Mrs. A. Krasiaz, Mrs. S. Pappas and Mrs. W. Struss.

Home cooking conveners are Mrs. G. Saks, assisted by Mrs. A. Agrie, Mrs. William Krasiaz, Mrs. N. Nicholas and Mrs. P. Manalis.

Needlecraft is in charge of Mrs. G. Poulas, Mrs. T. Afanias, Mrs. E. Anst, Mrs. E. Gardiner, Mrs. D. Kervilis and Mrs. C. Pappas.

Kitchen conveners are Mrs. B. Krasiaz, Mrs. P. Afanias, Mrs. G. Goumas and Mrs. Paul Nortes.

Quota Club Meet On Canada Soil To Be Held Soon

Honor will fall to Canada next year to play host to International Quota Clubs who will hold their convention in Quebec City in June.

At annual district conference held in Lehigh recently Miss Grace Atkinson of Saskatoon was named district governor, and Miss Louise Leach, of Medicine Hat, Manitoba governor for this district.

Mrs. Les Weeks, Miss Margaret Cowell and Mrs. C. Vandusen represented local branch.

Plans were made at local meeting to hold carnival in November.

Mrs. Weeks reported the Lehigh conference. Two new members were initiated.

Detailer Scheme Outlined For Group

Pro and Con of the Detailer Miracle Mile scheme will be given when Ladies' Auxiliary to Bellevue Community League sponsors a guest night Monday.

Members and district residents are asked to attend the meeting to be held in the community hall at 8:30 o'clock.

Aldermen A. E. Blisset and Alderman Fred Mitchell will outline the program for community members.

Snakes Handicap

SABIE, South Africa — (CP) — Black mambas, South Africa's most poisonous snakes, infect the country around the electric power station in this Transvaal town. But employees say "mambas are just as afraid of us as we are of them."

Home cooking conveners are Mrs. G. Saks, assisted by Mrs. A. Agrie, Mrs. William Krasiaz, Mrs. N. Nicholas and Mrs. P. Manalis.

Needlecraft is in charge of Mrs. G. Poulas, Mrs. T. Afanias, Mrs. E. Anst, Mrs. E. Gardiner, Mrs. D. Kervilis and Mrs. C. Pappas.

Kitchen conveners are Mrs. B. Krasiaz, Mrs. P. Afanias, Mrs. G. Goumas and Mrs. Paul Nortes.

IF WELL PLANNED and designed, this type of dwelling is convenient and presents low, sweeping lines which are suitable for wide, suburban lots. Plan and lot coverage of 15,000 feet including second floor. "Bonschaven" is planned to use standard joist spans without waste and has ventilated crawl space below insulated floor. This is another in series by Harold C. Beckett, architect, 52 Chatham Street, Windsor.

Concrete Radiant Heating Spurs Variety in Flooring

The spread of radiant heating in concrete floors has given asphalt tile, rubber tile and cork tile permanent places among home floor coverings.

All three materials have had years of testing for wearing qualities in public places such as offices and libraries. Asphalt tile is the most popular and lowest in cost. It is provided in a variety of colors and patterns. It provides an attractive floor for kitchens, dinettes and baths.

RUBBER TILE IS RESILIENT

Rubber tile costs more than asphalt tile, but is rapidly gaining favor because of its added resilience.

Cork tile, at the top of the list affords a luxury floor for libraries, dens or living rooms.

One of the advantages of the tile form of flooring is that signs of wear can be readily removed by replacing individual tiles instead of resurfacing the entire floor.

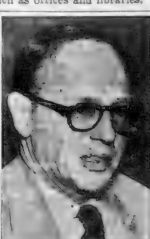

Pinwood provides the best flooring because of its permanent, even surface. Loose, splitting or broken floor boards will cause trouble with any kind of floor covering.

DO-IT-YOURSELF

One of the jobs a home-owner can do himself is to lay permanent tile. The demand of "do-it-yourself" enthusiasts has prompted manufacturers to turn out complete sets of tools for this purpose.

David E. Kennedy, head of one of the largest producers, reports that more than 200,000 kits have been sold to home-builders installing their own tile floors.

These kits comprise a chalk line and chalk for marking the centre of a room, a trowel for spreading

REDS' AGENT is Fredrick Vanderbilt Field, New York millionaire, who has registered with the Department of Justice as an agent representing Charles Connors, American interests in the country.

adhesive, a sharp tool for scoring tiles to be broken on a line, and a special knife to cut tiles to shape around radiator legs and other obstructions.

Q—What type of wax should be used on asphalt tile?
A—Water-emulsion or self-polishing waxes that are free from oils are suitable and safe for asphalt tile. They should be applied as instructed by the manufacturer. Never use paste wax or liquid wax that has a solvent base on asphalt tile. These waxes will soften the tile and mar the surface.

Solemn Note
LYBROOK, Gloucestershire, England — (CP) — On the anniversary of his wife's death, a man put a notice in a local newspaper: "I laugh with others; I cry alone. How much I miss you will never be known." The man was later found hanged.

'Hot' Experiment Proves Successful

15-Ton Ingot Transported 200 Miles At 1,700 Degrees

SYDNEY, N.S., Oct. 28.—An experiment, believed to be the first of its kind ever attempted, was successfully carried out here recently. It was the shipment of a 30,000-pound hot alloy ingot from the Dominion Iron and Steel Ltd. at Sydney to Trenton Steel Works Ltd. at Trenton, N.S.

Test may prove to be one of the most important developments in the Maritime steel industry in recent years.

Experiment was carried out with the cooperation of the Canadian National Railways, which made special arrangements to transport the unusual shipment.

The huge hot ingot was allowed to solidify in a mould, was stripped and placed in a cast iron box insulated with a pre-moulded vermiculite.

200-MILE TRIP
Shipping the hot ingot on its nearly 200-mile journey resulted in speeding up its processing by nearly two months. "Transporting it has, estimates the director of research from cooling and considerably reduces costs."

It left Sydney at a temperature of 1,700 degrees Fahrenheit in the late afternoon and first thing next morning the Trenton plant was working on it.

Examination on arrival showed that the hot ingot was still 1,575 degrees with very little loss of heat.

"The idea had been dreamed of for many years," said a steel company official, "but this is the first time in the long history of the company when we have actually got down to doing it. To our knowledge it has never been done before here or anywhere else."

If you pump the water from a washing machine into a kitchen sink or laundry tub, place an old strainer over the sink drain. This will collect the lint which otherwise might clog the sink drain.

Use STONEBORD

WHEREVER A RIGID WALLBOARD IS NEEDED!

Here's why:

1. Costs less per square foot than ANY OTHER RIGID WALLBOARD.

2. Easy to use — saves easily to shape and easily nailed in place over studs.

3. For finished appearance, joints can be completely concealed, even from close inspection, by exclusive recessed edge filled and sanded smooth, ready to paint or paper.

4. For interiors of poultry houses, barns, or animal sheds, an ideal interior lining — a single sheet — discourages all kinds of vermin.

5. Completely fire resistant.

6. Provides strong, rigid walls — a full 1/2 inches thickness — won't crack, warp, or shrink. Sheets 4 feet wide — comes in 6, 10, and 12 foot lengths.

For new construction or remodeling, for schools, churches, homes, or farm buildings — your best bet's Stonebord — for both economy and satisfaction!

WINNIPEG CALGARY

JUST RIGHT

Modern School Has Automatic Light Control

There's never too much or too little sunshine in the classrooms of the new Will Rogers Elementary School, Ventura, Calif.

Robo's sensors automatically pivot to maintain exactly the right illumination inside the rooms.

On a dull day the aluminum louvers are wide open; when the sun shines brightly the louvers are partially closed.

An electric eye constantly measures the outdoor light that falls on a master louver to operate the concealed motors mounted in each classroom.

The electric eye does an efficient job except on some foggy days when there is a great deal of glare from the sky.

Then a second eye, installed inside one of the classrooms, takes control and measures the amount of light that is actually present. The sensors can be operated manually when the room is to be darkened.

If you wish a vine to trail over the edge of a flowerpot at a particular point, press a hairpin over the stem and into the soil to keep the vine from shifting.

In Market To Buy Town? Bumble Bees For Sale

If you've ever thought you'd like to buy a town and run it to suit yourself, there's a good opportunity in Alberta.

The village of Bumble Bee is up for sale, and while the town's one-room school and the state highway patrol checking station are not included in the deal, everything else within the 50-acre township is for sale, and while the town's one-room school and the state highway patrol checking station are not included in the deal, everything else within the 50-acre township is for sale, and while the town's one-room school and the state highway patrol checking station are not included in the deal, everything else within the 50-acre township is for sale.

There's a legend, of course; in fact, there are two of them. One says the name was gained when some prospectors encountered a bee's nest full of honey on the cliffs of the nearby creek.

The men disturbed it and the following argument between them and the enraged bees was so violent and made so lasting an impression that the town was named in honor of it.

OTHER STORY

The other story has it that U.S. Army scouts, in those early, dangerous days of Indian attacks, sent back a report that the redskins were as thick as bumble bees, and the G.I.s at that time gave the place that name.

A new owner can give it any name he chooses and, eventually, it will get on the map.

In past decades, most of the local village has been identified on maps.

REMOVE TENDER BULBS NOW, EXPERTS CLAIM

Bulbs and tubers which are not kept them in heated basements without special precautions.

Those commonly grown include tuberous gladioli, cannas, dahlias, tigridias, spider lilies, crinum, moon orchids. All except gladioli, dahlias and cannas will usually keep in good condition in a cool corner of the basement if they are stored in boxes or paper bags being careful not to place too many in the same container that the circulation of air is prevented.

Since the gladioli tubers have become widespread, it is advised that gladioli tubers be treated to destroy this pest. This can be done by placing each 100 bulbs in a paper bag, dropping in an ounce of DDT dust and then shaking up each bulb is covered thoroughly for the weeks after which it is opened to admit air.

The open bags should be placed in the coolest storage place available, with its storage freezing.

Mailmen Win Again

WICHITA, Kan.—(UP)—Chalk up another solution for the post office despoiling department. It doesn't mull-own. A Wichita telephone bill addressed to J. P. Buffum, 363 Puffum, was delivered correctly to J. P. Ferry, 363 Buffum.

What, No Potatoes?

PRESQUE ISLE, Me.—(UP)—At the annual luncheon of the Potato Industry Council of Maine, the chief ran out of just one item—potatoes.

More than 60,000,000 pounds of tubers were taken from the Great Lakes by commercial fishermen in 1949. It was the best year since 1941.

Check Your House Before Painting

Examination and Correction Of Structural Faults Urged

By Bob Scharf

If you are an average home-owner, chances are that your house needs painting badly. As long as it is what the statisticians say. So take a quick look outside to see if they are right.

Before painting, however, check the condition of your house and correct all structural defects. Joints, flashing siding and the work must be sound and secure to prevent entrance of moisture.

As long as the original paint adheres firmly to sound wood, light sanding or wet-sanding will be sufficient to ready the work for painting. But when the paint has flaked, peeled or chipped, it must be completely removed.

This destruction occurs only in small areas, and is sufficient although it is difficult to avoid, patched appearance unless the paint is removed over a considerable area.

USE BLOW TORCH

Where defects are widespread, the old paint should be removed with a blow torch and putty knife. To use, move the torch evenly and carefully over the painted surface with the flame pointed slightly downward, melting the paint just far enough ahead of the putty knife so the knife can thoroughly remove the paint.

The torch should be held from two to four inches away from the surface being cleaned in order to soften the paint film.

Good painting requires good materials. That means both your brush and paint. Go to a reputable dealer and let him advise you about the best type of material for your particular home.

OVERALL AREA

The quantity of paint required for a job is determined by roughly computing the overall area in square feet and deducting for the various openings. Coverage is about 90 square feet per gallon.

PIN PUTS STOP TO BURGULARS

Passing a metal taper pin through one of a series of holes makes a portable door lock hold fast against intruders.

The main portion of the lock is a strip that fits across the jamb and fits into the latch-bolt opening. After the door is closed, the pin is inserted in the hole that is closed to the door.

On Job 56 Years

GREENVILLE, Ala.—(UP)—After man J. Green, 81 chief of the Greenville Fire Department, has been on the job for 56 years, he has been chief for almost 50.

Age Runs In Family

GRANBY, Mass.—(UP)—John Horton, 98, comes from long-lived stock. Both his father and grandfather also were centenarians.

Lives Up To Name

GRANBY, Mass.—(UP)—K. P. Parker, 97, admits he was well named while in the Army. He did his share of K.P.

tops of door and window frames and other places that don't meet the eye.

As these are the spots where moisture collects, covering them is important from the standpoint of protection.

By painting in high places, an extension ladder is ideal. If two ladders are available, by all means secure a pair of ladder-brace so you can run a plank between them. A regular ladder is handy when painting the lower part of the house.

Almond Staining, Brushes, Patching Plaster, Glue, Linseed Oil Turps, etc.

Align Treads With Care

Installing rubber stair treads seems easy, but for successful results the job must be done with care. The treads may be aligned in place or fastened with carpet tacks.

First, determine the exact width of the stair treads and from this figure subtract the length of the rubber treads to be used.

Divide the remainder by two, thus arriving at the distance which must be allowed on either side of the rubber tread to centre it accurately.

Measure this distance from one side of the stair treads and from the other side of the stair treads to the centre of the rubber tread to be used.

Then is the state of the rubber tread, a nesting condition and alignment be allowed on either side of the rubber tread to centre it accurately.

Measure this distance from one side of the stair treads and from the other side of the stair treads to the centre of the rubber tread to be used.

Park Attractions

BUMHAY—(UP)—The first of several national parks to be established in the state of Bombay now is a nesting condition and alignment be allowed on either side of the rubber tread to centre it accurately.

Measure this distance from one side of the stair treads and from the other side of the stair treads to the centre of the rubber tread to be used.

Rome Plans Ceremony For Dogma

VATICAN CITY, Oct. 28.—(CP)—Vatican authorities are preparing to make the Nov. 1 proclamation of the new dogma of the Assumption the greatest religious ceremony of the century.

Thirty cardinals and 500 archbishops and bishops are expected to attend the solemn rite—the highest of high church dignitaries assembled in modern times.

Triple tiers of seats are already being erected for them down each side of the westerly nave of St. Peter's Basilica, flanking the dark-massive altar. The Pope will say the first mass there in honor of the Assumption immediately after the proclamation of the dogma.

The actual proclamation will be made outside the Basilica, from a gold-and-white papal throne.

CEREMONY PLANNED

From there, linked by cardinals, archbishops, bishops and abbots from all over Christendom, the Pope will read the bull which declares that the bodily assumption of the Virgin Mary into heaven is a dogma of the Catholic faith.

Half a million people, including 50,000 foreign pilgrims, are expected to attend.

At a painting of The Madonna is carried to the door of St. Peter's Basilica, the Pope will recite a prayer he has composed honoring the Virgin Mary. His words will be carried by loudspeakers to the thousands in St. Peter's square.

The prayer will again be recited by the thousands in the square when the dogma is proclaimed. An announcement of the Assumption dogma will be preceded by two days of ceremonies in Rome.

Unique Term Meted Out By B.C. Justice

VANCOUVER, Oct. 28.—(CP)—A sentence unique in British Columbia court records was imposed by Chief Justice W. B. Harris yesterday.

He sentenced Jacqueline Rogers, 22, mother of a seven-week-old baby, to 19 minutes in jail for stealing two men's suits from two dry-cleaning establishments.

The jury had presented a strong recommendation for mercy.

The woman had spent two weeks in jail before bail was arranged.

Liaison Mission Gets New Head

OTTAWA, Oct. 28.—(UPI)—The Department of External Affairs today announced the appointment of Arthur R. Menzies as head of the Canadian liaison mission in Japan.

Menzies, 46-year-old, is a former Far Eastern section of the department since April, 1940, will replace H. Norman, who recently returned from Tokyo.

Menzies was born in China and studied at the Canadian Consulate in Kobe, Japan. He graduated from Victoria College, University of Toronto.

B.C. Youngster Drowns in Cooler

ABBOTSFORD, B.C., Oct. 28.—(CP)—One-year-old Daniel Mitchell was drowned yesterday in a milk cooler.

The body was found in the open cooler by his parents, Mr. and Mrs. Percy Mitchell, at their farm home.

Diefenbaker Scores Proposed Indian Act

PRINCE ALBERT, Sask., Oct. 28.—(CP)—John G. Diefenbaker, Progressive Conservative member of Parliament for the Saskatchewan constituency of Lake Centre, said yesterday the proposed new Indian Act is a "mirage."

"Not a charter of Indian rights as was intended but one to continue powers of the Indian Department."

He spoke to more than 300 chiefs at a conference of the Union of Saskatchewan Indians. Yesterday Chief Henry Johns criticized the system of government on Indian reservations comparing it to conditions in Russia.

A motion expressing disapproval of terms of the proposed act was passed unanimously.

Mr. Diefenbaker, the Indian's legal adviser, recommended that they ask appointment of a Royal Commission to investigate injustices and compensate them for wrongs.

He said a committee had been set up to make recommendations for changes in the law which had been passed in 1950. But the proposed bill largely ignored the committee's suggestions.

SEEK VOTE RIGHT

"Some of the clauses have been redrafted, others renumbered, but through it will pass the threat of subversion," he leaves the Indians in a position of weakness and the department with near-to-tyrannical powers.

He said Indians should be permitted the right to vote without losing treaty rights.

They should have equality before the law, denied them under the proposed act. An Indian could not take a grievance to law without the consent of a government minister. The system under which an Indian could be tried on the reservation by the Indian agent or a justice of the peace appointed by the Indian Department was wrong and "a denial of freedom."

Dookhobors Honor Peter 'The Lordly'

Impressive Ceremonies Are Planned At Tomb Sunday

BRILLIANT, B.C., Oct. 28.—(CP)—The tomb of Peter (the lordly) Verigin, venerated by Orthodox Dookhobors, will be the scene of impressive services tomorrow.

At the site of the once-ornate tomb, now reduced to a simple cement slab, the Dookhobors will meet to mark the anniversary of his death.

The Dookhobor leader died in a train bombing near Fern, B.C., Oct. 28, 1924, in which several of his followers died. It remains a mystery. The perpetrators were never captured.

Members of the radical sect of freedom, the religious sect often blamed for terrorism in the Kootenays, have not been invited to the anniversary services.

In the last 25 years the tomb has been bombed several times and its massive marble columns have been reduced to rubble. Some of the sons who confessed to bombing attacks explained the tomb was too worldly, and a God-forsaken idol.

FIRST LEADER
Peter the lordly was the first leader of the Dookhobors in Canada. He came from Siberia, where he had been exiled by the government of the czar, and directed settlement of colonies first in Saskatchewan, 31 years ago, and later in British Columbia.

Hundreds of Dookhobors, the women in their brightly-colored head shawls and the men in their sombre suits, are coming from

Dogs are superior to man in their keenness of smell and hearing, but their vision has been found to be much less acute.

Some units of the 500-man brigade now are on embarkation leave.

Brig. Rockingham has been on a 3,000-mile tour of various units in his special force. He visited engineers at Chilliwack, B.C., yesterday and is scheduled to leave Sunday for Vancouver, Que.

Defence Minister Cline is scheduled to make an announcement soon on whether the brigade will go to Korea or elsewhere, possibly Europe.
